

PROPOSAL SUMMARY

APPLICANT: Rockville Housing Enterprises

PROJECT: Public Housing Site Improvements

AMOUNT: \$75,000

TYPE: Public Improvement – Public Housing Improvements
Window Replacement

PROJECT DESCRIPTION: Rockville Housing Enterprises (RHE) is the Housing Authority of the City of Rockville. In that role, it owns and operates seventy s9x conventional public housing units at David Scull Court near Gude Drive. It also owns 29 public housing units in single-family homes scattered throughout the City. All of these homes are over thirty (30) years old. RHE desires to replace all of the windows in these units with modern energy-efficient windows.

Window replacement will have two effects. 1) It will deter deterioration of the dwelling caused by normal wear and tear and 2) it will promote energy efficiency in the units thus contributing to their affordability for their residents.
